## VENDOR UPDATE

### DIMS

- Question about timeline for new WSDLs

### Votec

- Tweaking codes based on input from user groups, email surveys; may be a part A/part B to accommodate new agency code release
- Help center: 2 drawings for those who commented on article. Winner: David C. from Skagit. Q's about help center, contact Samantha

### DFM

- Nothing at this time

## County Comments

### DIMS

Kathy/YA – Could we make ERIC reports more automatic, more like Motor Voters used to be? Could put transactions into a holding pattern, pick and choose transactions you wanted to commit; DIMS would filter out fields it needed

Kevin/DIMS – Could investigate a way of importing the ERIC file, but need to investigate formatting, development of new import

### Votec

M'Lissa/IS – Many agency-based forms lacking signature or check on citizenship question

Underlined means on call.
